CHOOSE YOUR SPRAY WIDTH

Average spray width will vary depending on the technique of the user. For skinnier lines, spray from a closer distance. For fatter lines, spray from a further distance.

The Montana Level Caps were precisely developed for the low pressure system allowing the most even and clean lines with the highest efficiency and accuracy.

Spray widths from 0,4cm (0.15") up to 25cm (10") can be achieved depending on the users skill and experience. For perfect results we recommend the Level Cap System in combination with Montana GOLD.
